

AB 100 Workgroup Recommendations:

Priority No. 3: Identify a mechanism to assure county compliance with MHSA values to replace state level review and approval of county plans eliminated by AB 100.

Recommendations:

- In addition to the annual mental health performance contract and targeted training and technical assistance, an MHSA state level issue resolution process can provide a mechanism to assure county compliance with the MHSA values.
- DMH should with input from MHSAOAC, CMHPC, CMHDA, client, family members, and other stakeholders revisit, complete, and implement the MHSA state level issue resolution process. This process is not intended to replace current state and federal grievance and complaint processes.
